TOTAL CREDITS REQUIRED	36	_____

Students may elect to graduate using the degree requirements in effect at the time of matriculation or completion. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program.

In no case may a student use a catalog which is more than six years old at the time of graduation. (For example, a May, 1996 graduate could not use degree requirements from a 1989-91 catalog.)
