

Hotel Management Emphasis

The Associate of Applied Science Degree and the Certificate of Achievement in Hotel, Restaurant and Casino Management are designed to provide the student with an opportunity to seek employment in entry level supervisory positions or, for those currently employed in the hotel, restaurant and casino industries, an opportunity for job advancement, professional growth and career mobility. The student may continue his or her studies at a four year institution to pursue a baccalaureate degree.

Students may elect to graduate using the degree requirements in effect at the time of matriculation or completion. If a program is official after a student has matriculated, the student may choose the degree requirements of the new program.

In no case may a student use a catalog which is more than six years old at the time of graduation. (For example, a May, 1996 graduate could not use degree requirements from a 1989-91 catalog.)
